

مركز المستشار الوطني للتدريب  
National Consultant Centre For Training

## NCC In-House Training Courses In

### Reservoir Engineering

1. Reservoir Engineering
2. Transient Well Testing
3. Advanced Reservoir Engineering
4. Hydrocarbon Behavior
5. Reservoir Simulation
6. Naturally Fractured Reservoirs
7. Well Log Interpretation
8. Comprehensive Water flooding
9. Water flooding –Reservoir Geology
10. Enhanced Oil Recovery
11. Subsurface Reservoir Geology
12. Engineering Applications of Geophysical Data
13. Heavy Oil Technology
14. Gas Well Performance
15. Reservoir Characterization
16. Guidelines for handling reserves
17. Faulted / Fractured Reservoirs
18. Carbonate Reservoir Geology
